How's it going? Hope you're doing well. Today's the big day: you're about to be married. Awwww! Congrats! I can't believe you're getting married. I remember you saying you were going to marry me! Yipee! You're getting a good wife there, I bet. I'm really excited for you. The wedding's in September, isn't it? I hope we can meet up at the reception. I'm pretty sure I have a bunch of college classmates that are coming to the wedding. Remember my cousin Christopher? The one that went to school in Ohio? He's my best man. Another one is the guy from NYU. I'll try to call you and we can arrange a little get-together. Anyway, I have to go. I'll talk to you soon. Bye! Click the Record button, enter a subject line, and then start talking. The message will be saved in your MyMailBox folder. Click the "Save" button to save the message. The text is also saved as an audio file. To save the file as a text file, choose the "TEXT" file type when you save. To send your message, click the "Send" button at the top of the window. If you are tired of typing e-mail messages, this tool is for you. Voice Mail allows you to create and e-mail sound messages to your friends. Simply click the Record button (see picture), talk, and then click the Stop and Send buttons. That's it. NOTE: Free only for personal use. A: Twitter allows you to post your voice in various ways, including by uploading a voice recording. You could then post this via a tweet. A: The Twitter app for iPhone has a Voice Message feature that allows you to record a short message for a friend. It's quite easy to use, you just tap the microphone icon, speak, and then press the 'send' button. Q: How can I add a folder to the default list of shortcuts in Windows 10? I have a folder that contains several large images I've used as desktop backgrounds in the past, and would like to be able to access this folder from within any app. However, when I right-click the desktop, and select the "Shortcuts to places on my desktop" option, the only option that lets me add a shortcut to a folder is a link to my Pictures folder, not my Background folder. Is there a way to add my Background folder as a shortcut to my desktop? I'm fine with changing the default wallpaper in the Background folder, too. A: Hold Alt and drag your folder/directory icon from the desktop to the start menu, then right click on it and select 'Pin to Start'.
