I must admit that I am a hair-picker. As a child, I had extremely curly hair. As an adult, I have significantly more volume (especially since I have stopped using relaxers). If there is a question, I'm going to ask, "What has your hair-care regimen been since you discovered/started using this product?" I have very specific requirements that are challenging to meet, but I have come to find that the Moisturizing Conditioner from Aussie is one of the only products that amply meets my needs and is truly essential to my beauty regimen (usually a conditioner is used in place of a treatment). I recently discovered this product because I was seeking a product that was formulated with real oils and natural extracts. I've always been wary of oils, because some of them are expensive and fragrant, yet I don't know how to apply them without irritating my hair. So I was slightly concerned about using an oil-based product to detangle my hair. But I quickly discovered that the Moisturizing Conditioner was easily incorporated into my hair regimen, had tons of moisture, and was just an all-around amazing product. So, if you're looking for a product to help detangle your hair, and give it some extra moisture, then this is the product for you. Oh, and it won't make your hair go greasy. It contains a unique oil complex,

Comments chopnspice 05/13/2009 Rating 3D Pinball High Score Editor is a useful tool to make fun of your friends and family. You know the saying that the way to a man's heart is through his stomach. well i found out that the best way to his heart is through 3D Pinball High Score Editor. This small program, which is very easy to use, will allow you to change the overall scores in the Windows Pinball game. You can also create your own score or simply keep track of your scores. You must have a copy of the original game to use this program because the game must be open in order for you to change the score. You can also press Esc or F2 to exit the game without saving your game and you can also stop the game and no changes will be made. This little program is best for you if you play pinball in your computer and you think you know all the tricks of the game. This program will allow you to analyze your own performance and become more good in the game. Try it. You don't know what you could learn. chopnspice 01/30/2009 Rating I almost do not deserve this title. 3D Pinball High Score Editor is the best program for those who love games in their own computer. Do not look at this tool as a program to foooo your friends and family. This program allows you to manipulate the gameplay of 3D Pinball in a different way. It is a useful tool to make fun of your friends and
