### **Elden Ring Features Key:**

Dual Desert Swordplay: Swordplay is a traditional Frontline action of the Trattorian era. It closely relates to Emberella, the main story of the game, so players will be consistently satisfied by trying to implement Emberella-style swordplay of their own.

Dynamic Characters and Combat: A variety of character states persist over time after being wounded. There are various times during battle to inflict battle damage, fatigue the enemy, or interrupt their attacks, which will give more energy to characters and give them additional power.

Weapon-Action Not Required: Merely present the weapon in your hand at the ready position, and during the enemy's attack the sword will automatically act on its own.

### **Announcement Features:**

- 16 Player Online Play Support
- Dynamic Quests
- Bounty System
- Diorama Anims
- Chat Room
- In-Game Item Auction
- Trade Transaction Volume and Item
