Elden Ring

-- /GAMEPLAY || VANILLA RPG (Desktop Version) [Game Information] What is it? Vanilla RPG is a dungeon action RPG game where you are an adventurer. In the game, you can have a party of three characters, and will meet with monsters in a 2D environment. What kind of game is it? Vanilla RPG is a classic dungeon action RPG game. It has been inspired by the roguelike genre, and has all the classic dungeon action RPG gameplay. The world of the game is divided into a number of dungeons, and you go through various dungeons, defeat the monsters inside, and obtain items from them. As a dungeon action game, most of the combat and gameplay is turn-based. It is a rogue-like game that you have to "think" each battle, and explore the dungeons. In the end, there are two types of endings in the game. The "Normal Ending" is the most suitable for the players who want to keep the adventure going. While the "Hero Ending" is for the fans of the high-end games. The game immediately ends after you clear the last dungeon. There is a dungeon action game that centers around combat, but in this game, the player "runs" with their party while seeing the battle. When you clear the dungeon, a post-battle screen will be shown. The graphics is beautiful and simple. The movements of the characters are smooth, and the sounds are good. When you clear the dungeon, a battle screen will be shown. You can see a battle screen when you select "Battle" from the menu. The player can also move the camera when changing dungeons. You can drag and drop the character sprites to rearrange them. You can enjoy the game by moving the characters with them on the menu screen. When you finish the game, you can move to the post-battle screen and leave a comment. You can also leave a comment in the game. (Editor's note: the game allows you to change the length of each stage after the dungeon clearing. Currently, it is about 4 hours. I am still deciding what time I will change it.) Dragon Quest Builders – Build Your Own Fantasy World Dragon Quest Builders is the newest take on the classic role-playing game. You'll play as a hero

As soon as one's unnatural power flows to the surface, the hybrid race decimated lands are in peril. Encompassing all six realms, it is time to rise as a global ruler. • Tough Fight with a Steel-Elite Race The powerful shadow engine is the best way to fulfill the long-awaited desires of the Race of Light and unleashes a great chaos in the Ruins of the Old World. • Fight in the Realm of Agony Fight in the blossoming lands of Loa and engage in large-scale battles. • New Cycles and an Epic Campaign Hardened with a lifetime of warfare, the force of Darkness will continue to gather. With the new attack point system to supplement the existing perks, its progression to power is ever faster.

An intense time, as it is the beginning of Japan's history and we want you to experience a new chapter. Unlike previous versions, we have grown to support an additional large number of languages.

Note:

Depends on the compatibility of the language.
