The Story of the Elden Ring • An epic story born from a myth • A tale that unfolds like a dream • A tale of hope The story begins when a wizard called Quendor forged the Spectacular Sword, Elden Ring, and formed the race called the Elden. After the Elden pursued the unicorn, Cherish the Celestial Swan, into the depths of a ravine, they went to the Darkness that gathered at its bottom. It was in this Darkness that they obtained the magical Beast Egg, which they used to hatch the amazing creature that is Gaghriel, the Wild Beast God. • The Monstrous Myth • Creating a fantasy story in a global environment • A legend of magic and bravery • A tale of love When the Elden and Gaghriel embarked on a journey to return the unicorn, Cherish the Celestial Swan, to the light, they were attacked by a great number of monsters that had stolen the Heart of Darkness, Daedric Princes, from their chests. The knights who received the blessing of Gaghriel gave themselves a name, the Knights of the Elden Ring, and are said to have brought peace to the world. • The Myth Resurfaces • The Elden Ring and the Tales of the Elden The various legendary accounts are called Elden Tales. Over time, as legends are forgotten or misnamed, there is only Gaghriel's story left, the only surviving legend of the Elden Ring. In an attempt to rewrite the Myth of the Elden Ring, Quendor is forgotten, and the Elden Tales passed down by the Lamenters are forgotten. • You are entrusted with the Redemption of Quendor As Quendor is forgotten and the Elden Tales are passed down by the Lamenters, the Knights of the Elden Ring who rule over the Firelands have become arrogant. Only one person notices the Lamenters' transgressions, a young monk named Fajin. He knows that Quendor's reign will end soon and that if he doesn't act quickly, Gaghriel will be engulfed in flames and the Elden Ring will collapse. • A New Hero Adventure Begins • A tale of heresy in a fantasy world • A myth that is remade • The fantasy of youth The young monk Fajin has long thought about what he should do. He has no family and the Lamenters do not accept people like him, and he

### Features Key:

**Fantasy Elements** -> An expression that combines the characteristics of Britannia and Gothic countries, the game's setting places special emphasis on fantasy elements, such as the balanced posture of Norse mythology and the noble manners of man.

**Life in the Land** -> A feudal fantasy world in which the relationship among the people living in a village becomes a cornerstone of the game.

**The Craft of Creation** -> The focus on fantasy elements gives the game a medieval atmosphere, but an in-depth attention was paid to the development process.

**Practicalities** -> In a variety of situations, getting objects is not the only consideration: players also have the option of obtaining the required items through the use of magic, leveling up their skills, purchasing them from merchants, or cutting down monsters.
