Magic, download (e-book) by Simon Aronson (free). The learned magic of the deck is a whole new world for the card magician, and it has blossomed. Just Simon. But for those of you who have other decks, what can you give them a chance? What I mean is that you can have your own decks that you believe are magical, and even you can believe that they really are magical. I just want you to know that there are several ways to "believe" a deck: you can choose to use them but don't necessarily believe it, or you can choose to believe it but not use them, or you can choose to believe in both.
